WEBSITE

I have developed a website that mirrors my resume, offering a structured and comprehensive view of my professional background. Most titles link directly to scanned certificates, providing a transparent and verifiable record of my qualifications.

In addition to the resume, I have a **Portfolio** page showcasing recent work and projects, and a **Blog** where I post regularly on relevant topics.

For confidentiality, the resume and community pages are hidden from the main website menu and accessible only through direct links (see below). I kindly ask that these links remain private to maintain the integrity and security of this professional presentation.
